**Ancient and Modern Hippopotami—**
By R. Lydekker ... ... ... ... 106

**Ancient Mammals of Britain—**
By R. Lydekker ... ... 169, 193, 221

**Animal Heat—**
By Vaughan Cornish ... ... ... ... 65

**Antarctic Birds—**
By W. S. Bruce ... .. ... ... 208

**Astronomical Photographs—**
By C. Robinson ... .. ... ... 64

**Aurora and Zodiacal Light—**
By A. P. Skene ... .. ... ... 116

**Backhouse, T. W.—**
Letter on Brooks' Comet ... ... .. 117
Letter on Orbit of γ Andromedæ ... ... 228

**Bacteria of Phosphorescence—**
By C. A. Mitchell ... ... ... ... 244

**Bark-Boring Beetles—**
By E. A. Butler ... ... ... ... 4

**Barnard, Prof. E. E.—**
Letter on Comparison of Star Photographs ... 16
Letter on Photographic Nebulosities in the Milky Way ... ... ... ... ... 17
Probable Encounter of Brooks' Comet with a Disturbing Medium ... ... ... ... 34
Magnifying Powers most useful in observing with Large Telescopes ... ... ... 97

**Black Aurora—**
Letters on; by J. Munro .. ... 86, 136

**Bloxam, A. G.—**
Liquid Chlorine ... ... ... ... 133

**Bremner, Miss C. S.—**
The Degeneration of Human Stature ... 273

**Brodie, Frederick J.—**
Rainfall of 1893 ... ... .. ... 184

**Brooks' Comet—**
By T. W. Backhouse ... ... ... ... 117

**Brown, J. Walter—**
Letter on Optical Phenomenon ... ... 39

PAGE

**Bruce, William S.—**
Antarctic Birds ... ... ... ... 208

**Butler, E. A.—**
Bark-Boring Beetles ... .. ... ... 4
Stinging Insects ... ... ... 40, 53, 77
Insect Secretions 103, 121, 146, 176, 196, 223
The Daddy-Longlegs ... ... ... ... 245
The Glow-Worm ... ... ... ... 268
Web of the Garden Spider ... .. ... 284

**Canals of Mars—**
By E. Walter Maunder ... ... ... 249

**Cellulose—**
By Chas. A. Silberrad ... ... ... 230

**Central Equatorial Region of the Moon—**
By T. Gwyn Elger ... ... ... ... 276

**Changes of Form in Comets' Tails—**
By A. Cowper Ranyard ... ... ... 159

**Chess Column—**
Every month; by C. D. Locock.

**Classic Double Star—**
By Miss A. M. Clerke ... ... ... 257

**Clerke, Miss A. M.—**
Is Beta Lyræ a Double Star? ... ... 128
Prolonged Sunspot Minimum ... ... 206
Progress of Astronomical Photography ... 207
Classic Double Star ... ... ... ... 257

**Climate of the Cambrian Period—**
By Prof. J. Logan Lobley ... ... ... 260

**Cloudscape Photographs—**
By H. C. Russell ... ... ... ... 182

**Coffin of the Builder of the Third Pyramid—**
By J. H. Mitchiner ... ... ... ... 32

**Comparison of Star Photographs—**
By Prof. E. E. Barnard ... ... ... 16

**Cornish, Vaughan—**
Animal Heat ... ... ... ... ... 65
The Making of Diamonds ... ... .. 76
Letter on the Formation of Diamonds ... 117
Nature's Protest against Change ... ... 164
The Rise of Organic Chemistry ... ... 267
